# 1. BRESSER 10X25 CONDOR

## INTRODUCTION

The BRESSER Condor Series offer a very versatile monocular - waterproof, handy and a craftsmanship with high quality in mind. Twist-up-eyecups allow the binocular to be adapted easily for observers with or without glasses. All models have BaK-4 prisms and are fully multi coated. These enable a true-color, high-contrast image. They have twist-up eyepieces which are very suitable especially for eyeglass wearers. The very compact BRESSER Condor 10x25 Monocular is ideal for hiking, journeys and to always have with you.

## FEATURES

1. Fully multi coated roof prism monocular  
Twist-up eyepiece particularly suitable for spectacle wearers

2. True colour, high contrast images  
Compact and light  
Ideal for on the go

## SCOPE OF DELIVERY

1. Monocular
2. Pouch
3. Cleaning cloth
4. Manual

## 2. BRESSER 10X42 BORKEN

### INTRODUCTION

The BRESSER 10x42 wide view monocular telescope is made of MFC green film optical lens, clear and bright. High-quality BK7 prism, suitable for adults and children.

The HD monocular telescope comes with a non-slip groove design, not easy to fall off your hands. See through the eyepiece and adjust the focusing knob to get crystal clear views. With a tripod thread, you can connect it to a DSLR Tripod for extra stability if needed.

This bird watching monocular comes with a waterproof casing and the optical barrels are purged with an inert gas to prevent internal fogging. watching birds, traveling, sports events, concerts, viewing, climbing, outdoor camping trip, wildlife, etc...

1. Monocular
2. Wrist strap
3. Case
4. Manual
5. Lens cloth

## HIGHLIGHT

Handy zoom monocular with high magnification range.  
Ideal for tours and excursions

Magnification: 8-25x / Objective diameter: 25mm / Fully-coated optics  
Optical System: Roof prisms / Field of view: 70m@1000m (8x) / Luminance: 9.76 (8x)

Dimensions: 127x32x32mm / Weight: 124 grams

Scope of delivery: Monocular, bag, carrying strap, cleaning cloth, manual

## 5. BRESSER 10X25 CONDOR

### INTRODUCTION

In addition to a gradual zoom, the NATIONAL GEOGRAPHIC 8-25x25 Zoom monocular also features a special macro function, allowing you to view sharp images not only of far-away objects, but also at close distances of less than half a metre. This special technical feature is great for observing nature. Observe deer at the edge of the forest, and then adjust the focus to view butterflies up-close! Thanks to its unique features, this compact monocular is just as good as a normal pair of binoculars.

## FEATURES
