# INTRODUCTION

The EFT E610P is a robust and efficient agricultural drone frame designed to revolutionize crop management. With a 25kg maximum takeoff weight and a generous 10L tank capacity, this drone is capable of covering large areas with precision and speed.

## Key Features:

- Powerful Performance
- Precise Application
- Easy Operation

Cross-Folding Structure

Fully Waterproof Body

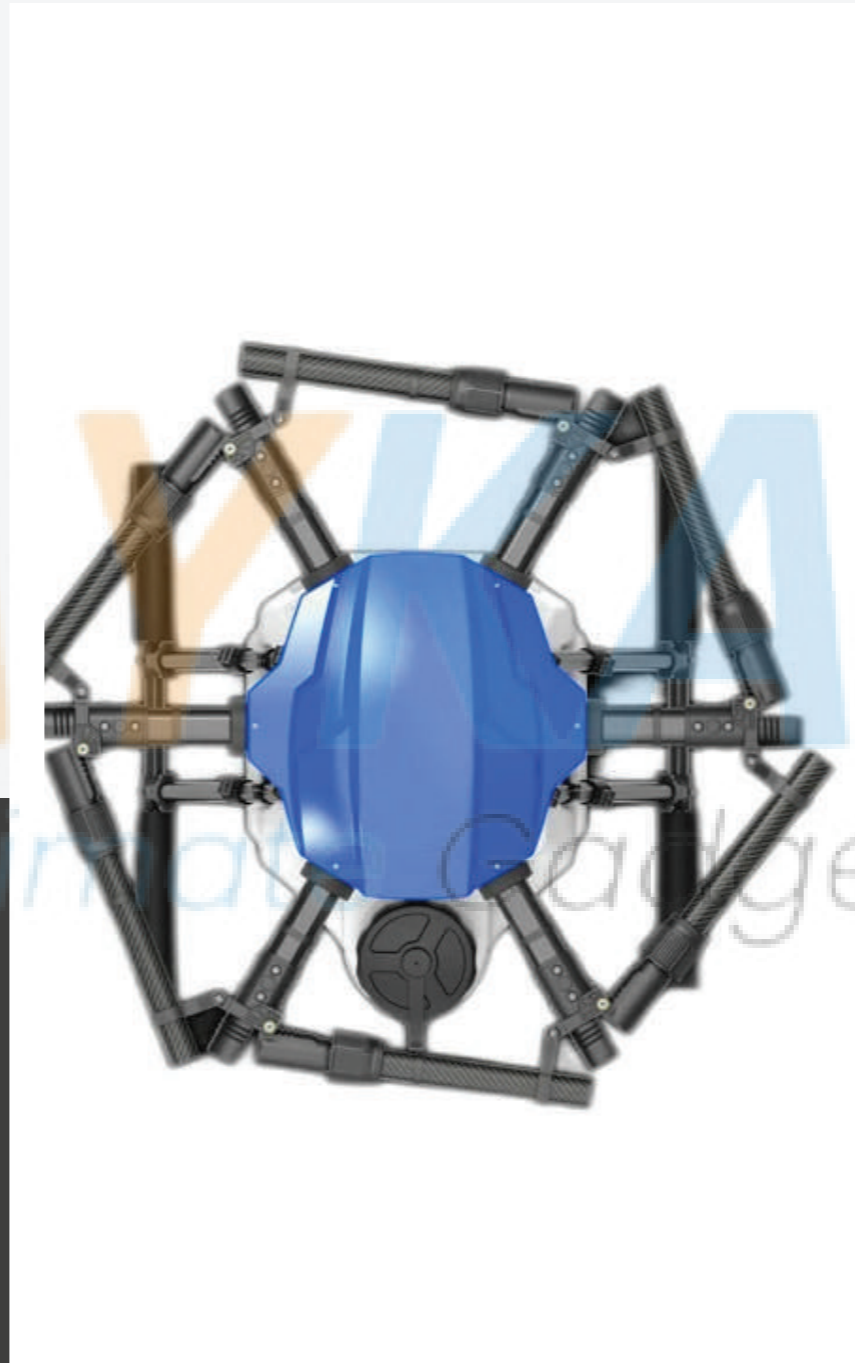

Enlarging The Tank Inlet

Detachable Camera Mount

The EFT E610P is the ideal solution for farmers and agricultural professionals seeking to optimize their operations.

By leveraging advanced drone technology, you can achieve: Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat volutpat. Ut wisi

# Experience the Future of Agriculture

# Specifications

- Maximum Take-off Weight (MTOW): 25kg
- Tank Capacity: 10L
- Frame Weight: 5kg
- Wheelbase: 1404mm
- Expanded Size: 1495 x 1308 x 500mm
- Folded Size: 945 x 848 x 500mm
- Recommended Motor: X6 Plus 2388 or 2480  
150KV
- Recommended Propeller: 23-inch
- Recommended ESC: 80A FOC
- Supply Voltage: 12S

# Key Features

- **Robust and Durable Construction:**

- Built to withstand harsh field conditions
- High-strength materials for durability
- Weather-resistant design

- **Modular Design:**

- Easy assembly and disassembly for convenient transportation and storage
- Quick maintenance and repairs

- **High Payload Capacity:**

- 25kg maximum takeoff weight for heavy payloads like larger tanks and advanced sensors
- 10L tank capacity for extended flight time and efficient coverage

- **Compact Folding Design:**

- Easy to transport and store
- Efficient use of space

- **Advanced Flight Control System:**

- GPS-based navigation for precise flight paths
- Obstacle avoidance sensors for safe operation
- Real-time flight data monitoring and control
